

Codebook

IngroupFavoritism_LatinAmerica.dta

Variable	Description
country	participant's country of origin
subject	participant's subject number
gender	participant's gender 1 == male 2 == female
female	0 == no 1 == yes
age	participant's age
education	participant's degree of education 1 == primary school 2 == high school 3 == university
income	participant's monthly income 1 == <250 \$ 2 == 251-500 \$ 3 == 501-1000 \$ 4 == 1001-1500 \$ 5 == 1501-2000 \$ 6 == 2001-3000 \$ 7 == >3001 \$
DGfirst	order of the task: DG vs. OSIO first 0 == no 1 == yes
USA	US included as outgroup 0 == no 1 == yes
periode	period 1 - 4
mix	order of nationalities of the interaction partners

ingroup	group membership of the partner 0 == outgroup 1 == ingroup
receiverCountry	nationality of the partner
OwnCountry	identical to country, but participants own country is replaced with 0
DG	points allocated in DG
rt_DG	reaction time DG
ownDG	points allocated in DG to ingroup
OSIO	perceived closeness on the OSIO Scales
rt_OSIO	reaction time OSIO
ownOSIO	perceived closeness towards ingroup
OSIODiff	differences in perceived closeness on OSIO Scales towards the ingroup and the outgroup
SVSanngle	participant's SVO angle (inverse tangent of the ratio of SVOself-50 and SVOother -50)
SVSself	mean of points allocated to the self
SVSother	mean of points allocated to the other
svo_1	participant's response on SVO item 1
svo_2	participant's response on SVO item 2
svo_3	participant's response on SVO item 3
svo_4	participant's response on SVO item 4
svo_5	participant's response on SVO item 5
svo_6	participant's response on SVO item 6
familiy	self report: Do you have family or very close friends from the receiver country 0 == no 1 == yes

travel	self report: Do you travel more than twice a year to the receiver country 0 == no 1 == yes
employ	self report: Do you have an employment contract with a company from to the receiver country 0 == no 1 == yes
live	self report: Did you live in the receiver country 0 == no 1 == yes
contact	summary of contact question 0 == no contact question answered with yes 1 == one or more contact questions answered with yes
normHofstede	Euclidean distance on the Hofstede cultural dimensions between ingroup and outgroup country
bed	condition 1 == OSIO first & USA == 0 2 == OSIO first & USA == 1 3 == DG first & USA == 0 4 == DG first & USA == 1
distractor 1-10	answer given in the distractor task
